COST OF GARBAGE, HOUSEHOLD WASTE

Example Item	Weight in Pounds	Cost
Small Garbage Can (3 gallon)	14.5 lbs.	\$1.60
Kitchen Garbage Can (16 gallon)	77.13 lbs.	\$8.48
Large Garbage Can (25 gallon)	120.52 lbs.	\$13.26
Outdoor Garbage Can (40 gallons)	192.83 lbs.	\$21.21
Large Curbside Pickup Canister (48+ gallon)	241.04 + lbs.	\$26.51 +

This data is based on 2020 Transportation and Processing Costs of waste material delivered to North Peace Regional landfill.

\$235.68/per Tonne \$0.11/per Pound

Did you know?

What the cost is for the County to dispose of household garbage from our Transfer Stations?

Below is an example of how much!

Sprinkler Protection Unit

Clear Hills County is proud to introduce the latest addition to our Emergency Services Fleet: the Sprinkler Protection Unit Trailer. This equipment is dedicated to safeguarding structures during emergency situations, providing enhanced protection when it's needed most.

REMINDER!

Please remember when sending E-Transfers to the County that you must include an account number or description of where the funds are to be put towards! Failure to do so may result in delay in processing and finance charges.

payments@clearhillscounty.ab.ca

Are you prepared?

In a major disaster, it may take several days before vital services are restored.

How to prepare:

- Plan to be on your own for at least the first 72 hours.

Make a plan:

- Designate important documents and keep copies off-site
- Inventory valuables, in writing and with photographs or video
 - Make a household/family plan
 - Make your home safe
 - Put together a disaster supply kit
- When planning, consider the special needs of children, seniors, or family members with disabilities or that don't speak English and pets.

Worksheet

Average Daily and Annual Water Requirements

The average daily and annual water requirement numbers can be used for estimating the amount of water used on a farm. The average daily water requirements are based on typical average outside or in-horn temperatures that occur throughout the year. These numbers, however, cannot be used for designing the water supplies and pumping capacity of a farm water system. For example, consider a beef feedlot on a hot summer day. Feeder cattle will drink approximately twice the amounts shown in the table below. For this reason, the water supply and pumping systems need to be designed to meet these peak demands.

Household use:		
People	_____ x 60.0 gpd =	_____ gpd

gpd = gallons per day

Beef:	Animal Size	No. of Animals			
Feeders ¹	550 lb.	_____ x 4.0	gpd =	_____	feeders on silage
	800 lb.	_____ x 7.0	gpd =	_____	feeders on silage
	1250 lb.	_____ x 10.0	gpd =	_____	feeders on silage
Cows with Calves ²	1300 lb.	_____ x 12.0	gpd =	_____	on pasture or hay
Dry Cow ²	1300 lb.	_____ x 10.0	gpd =	_____	on pasture or hay
Calves ²	250 lb.	_____ x 2.0	gpd =	_____	on pasture or hay

¹ For peak demand on hot summer days above 25°C, multiply gpd x 2

² For peak demand on hot summer days above 25°C, multiply gpd x 1.5

Indoor water conservation tips

Take shorter (5 minutes) showers.

Fix leaks, including leaky toilets and faucets.

Fill the sink instead of letting the water run when washing dishes.

Keep a jug of cool water in the fridge instead of running the tap.

Use dishwashers and washing machines with full loads only.

Outdoor water conservation tips in spring and summer

Water your lawn no more than necessary.

If allowed, water sparingly in the morning or evening to reduce evaporation.

Collect and reuse water for outdoor plant use.

Clean outside with a broom instead of a hose.

Check for leaks in outdoor pipes, faucets, and hoses.

Plant drought tolerant vegetation.

Use a water-saving pool filter.

Check with your local water supplier on restrictions in your area.

Campfire safety

How to choose your campfire site, prepare your campfire and properly extinguish it when you are done.

Choose your site

In campgrounds or recreational areas, use the designated stoves, fire rings or fire pits. When outside of a campground, use sites that are clear of:

- dry grass
- bushes
- leaves
- branches
- peat moss
- overhanging branches

If a site has already been used for a campfire, use the same site.

Build your campfire on level ground that is sheltered from wind.

If you cannot build your fire near a water source, have a large container of water nearby to keep your campfire under control.

Prepare your campfire

Tools needed a shovel or spade an axe or hatchet enough water to fully extinguish your campfire Backcountry or sites without a fire ring

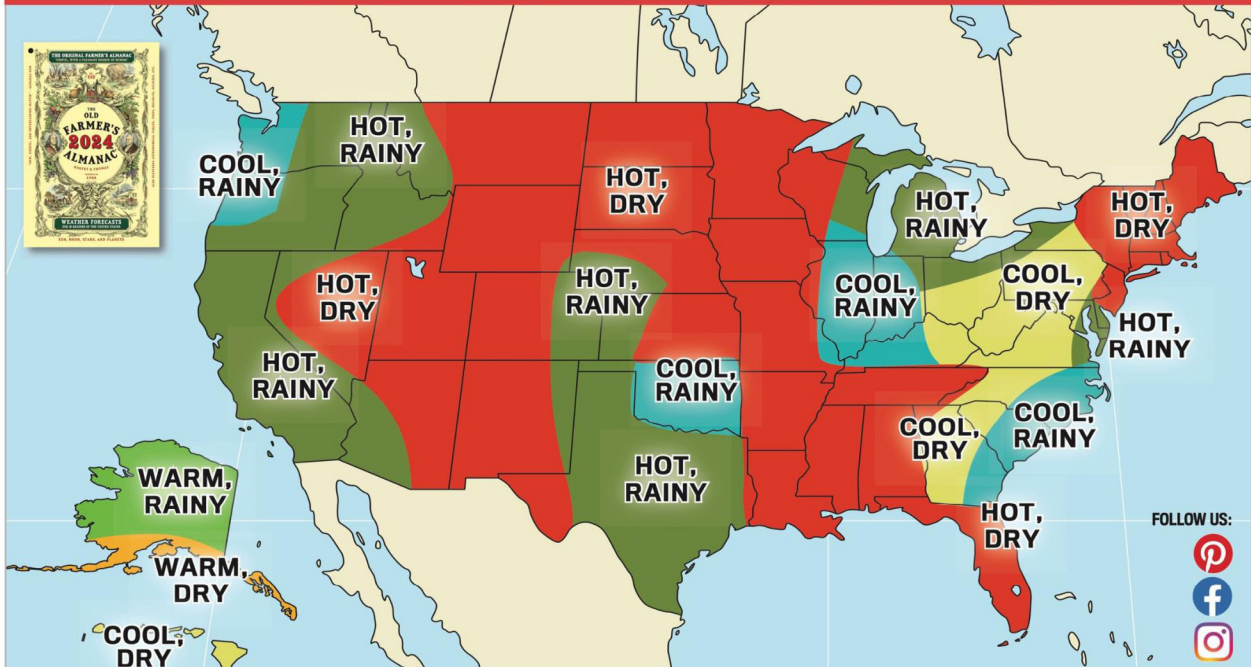

In the backcountry or where there is no dedicated fire ring:

- make a circle about one metre around
- dig or scrape down to the mineral soil
- clear away any flammable materials within one metre of the pit

Extinguish your campfire

- Soak it. Stir it. Soak it again.
- Let the fire burn down before you plan on putting it out. Spread the embers within the fire pit, then add water or loose dirt, and stir.
- Add more water and stir again until you can no longer see smoke or steam. Do not bury your fire as the embers may continue to smoulder and can re-emerge as a wildfire.
- Repeat until your campfire is cool to the touch.
- If your fire is out, you should not be able to feel any heat from the ashes.

Public Works Programs & Services

Driveway Snow Removal

Clear Hills County provides Driveway Snow Removal to:

- Senior Citizens:** Must provide one item for proof of age, i.e., birth certificate, driver's license or other document which includes date of birth.
- Special Needs:** must be in possession and provide proof of a current Provincial Handicap Sticker.
- Full Time Bus Drivers:** Must provide proof of full-time employment, annually letter from employer.

Regional Water Line Tie-In

Clear Hills County has a Regional waterline that transfers water from the Hamlet of Worsley Water Treatment Plant to the Hamlet of Cleardale Water Distribution Facility. Clear Hills County is committed to allowing residents to connect to the Regional potable Water Line for potable residential water supply.

- Clear Hills County will install the Waterline tie-in and the curb stop valve to the edge of the County Right of Way or the entry point to private land.
- The County will contribute a maximum of \$2000.00 (two thousand dollars) towards the installation of each approved Regional waterline tie-in and curb stop valve installation.
- Water Rates and Meters prices are set out as in current Bylaw: Water Works Distribution and Waste Water Collection System bylaw

For more information on this contact 780-685-3925

Annual Equipment Registry

The intent of the equipment registry is to obtain an annual working list of available equipment and attachments to perform work on short-term projects.

Annually the County will advertise for contractors wishing to be included in the 'Annual Equipment Registry.' The packages are to be returned to the County office on the first Friday the office is open for business, after the New Year.

Any trucks wishing to be on the list for hauling gravel must submit their truck information with the 'Annual Equipment Registry' by the deadline.

TAX NOTICES

Clear Hills County would like to remind you that Tax Notices are scheduled to be sent out in mid-May. If you've opted to receive your Tax Notice via email, please keep an eye on your spam/junk mail folder. Alternatively, if you haven't signed up for email delivery, your Tax Notice will be delivered through Canada Post.

If you have not recieved your Tax Notice by the begining of June please contact the Office at 780-685-3925

The Environmental Farm Plan (EFP)

WHAT IS AN EFP?

The Environmental Farm Plan (EFP) is a free, voluntary, whole farm, self-assessment tool that helps producers identify their environmental risks and develop plans to mitigate identified risks.

WHAT ARE THE BENEFITS TO COMPLETING AN EFP?

Maintaining a healthy environment is essential to the success of Alberta's agricultural producers. The Environmental Farm Plan (EFP) program helps you identify and address environmental risks* in your operation. It will also increase your understanding of legal requirements related to environmental issues.

*The risks are environmental but many relate to personal health (e.g. wells)

WHEN/WHY AM I REQUIRED TO DO AN EFP?

An EFP is a prerequisite for certain Sustainable Canadian Agricultural Partnership (SCAP) grants. It may also be a requirement if you wish to sell to some purchasers who have decided to use EFP as a sustainable sourcing tool.

IS AEFP RUN BY THE GOVERNMENT?

No, EFP is run by the non-profit organization, Agricultural Research & Extension Council of Alberta (ARECA). The program is grant-funded by the provincial government.

HOW DO I START?

You can register to start an EFP by filling out this form: <https://webbook.albertaefp.com/register/>

DO I COMPLETE AN EFP FOR THE LAND I RENT OR OWN?

The EFP is a whole-farm assessment, so it should include all land that you manage. It should include both owned and rented land.

PROGRAMS THAT WORK.

Agriculture Operations Diploma

Get Growing in Fairview

NWP's two-year, one-of-a-kind **Agriculture Operations Diploma** equips students with the skills and knowledge needed for modern agriculture and farm operations.

Get set for success as you study:

- Agricultural Equipment
- Farm Operations
- Advances in Grain and Livestock Farming
- Agricultural Technologies
- Driver Training - Class 1 MELT

**Program Runs
November 2024 - April 2025**

REGISTER TODAY

»» DO YOU HAVE LIVESTOCK? ««

VSI PROGRAM

ARE YOU AWARE OF THE VSI (VETERINARIAN SERVICES INCORPORATED) PROGRAM?

- Aids in the development of livestock expansion with a long term goal of the producer and veterinarian services sustainability.
- The VSI program supplies a cost-share support to livestock producers, whereby Clear Hills County covers 50% of the cost eligible veterinary procedures.
- Membership is \$52.50 for a five year term.

DO YOU KNOW THE COUNTY HAS A BSE TESTING INCENTIVE PROGRAM? ««

The BSE testing program is to encourage producers to participate in BST Testing and assist in realizing the target of 30,000 beef cattle annually being tested to keep Canada's status as a controlled BSE risk country.

**FOR MORE INFORMATION,
CALL 780-685-3925 EXT.
108**

community@clearhillscounty.ab.ca

Eligibility: must be a VSI member and resident/landowner in Clear Hills County with livestock.

Restrictions: Only Veterinarian Clinics (and livestock owners) will have access to the BSE test results.

Process: VSI services provides the County with a list of members that had beef cattle tested in the quarterly report. The County then pays the member. The 2022/2023 incentive is \$125/animal.

Are You Thinking of Subdividing?

Mackenzie Municipal Services Agency (MMSA) provides subdivision services and is the subdivision approval authority for Clear Hills County. The processing of the subdivision application is mainly legislated by the Municipal Government Act and the Subdivision Regulations. The agency provides clients with a streamlined process thus ensuring that all facets of the subdivision process are completed in a timely manner.

Subdivision applications are available at the County office or on the MMSA website:

<http://mmsa.ca/services/subdivision-authority>

Phone: 780-338-3862

Email: info@mmsa.ca

Summer Driveway Grading Program

Clear Hills County provides Summer Driveway Grading for Senior Citizens, once per season, during the summer months. Once signed up, you must contact the County to request the service. To qualify you must be 65 years of age or over, sign a waiver and provide proof of age.

For more information or to request a form, call the Clear Hills County office at 780-685-3925 ext. 108.

Fire Permit and Burn Notice

Fire Permits are required for all burning outside of the Non-Permit area (with the exclusion of campfires) from April 1st to October 31st each year.

To get your FREE fire permit, please call one of the following Sustainable Resource Development Offices, **Peace River 780-624-6190** or **Fairview 780-835-7200**

To know which area you are planning to burn is in you can call the County Office at 780-685-3925!

When burning in the Non-Permit area, please call the County office with the location, date, and contact information related to the burn so that a Burn Notice can be sent out informing correct people of the burn.

Now that spring is here please check all winter burns areas for ground fires.

Agricultural Service Boards Program

The 69 ASBs in Alberta help nearly 60,000 farms and ranches to protect the over 50 million acres they farm.

Unique to North America, Alberta's Agricultural Service Boards (ASBs) have provided over 75 years of continuous service since 1945.

The 69 ASBs in Alberta help nearly 60,000 farms and ranches to protect the over 50 million acres they farm. Across the province, local ASBs work in their communities to help:

- manage agricultural weeds and pests
- conserve soil and water
- enhance and protect viable and sustainable agricultural practices
- control of animal diseases
- develop municipal policies

ASBs are key to Alberta's robust pest surveillance network that helps Albertans maintain market access by mitigating the risk of agricultural pest threats. This in turn enables the industry to provide assurance to trading partners and continue to produce high value crops and livestock.

Grill Safety

- Keep your grill 10 feet away from your home, garage, deck railings, & other structures
- Make sure no flammable items are near the grill
- Check gas lines for leaks
- Only use your grill outside
- Always make sure the lid is open before lighting it
- Never leave a hot grill unattended
- Clean your grill regularly
- Keep a fire extinguisher nearby

Fireworks Safety

- Never point or throw fireworks at another person
- Light fireworks one at a time & quickly move away from them
- Keep a bucket of water or a garden hose nearby in case of a fire
- Douse the fireworks with plenty of water before discarding them
- Make sure fireworks are legal in your state before using them
- Always have an adult supervise fireworks activities
- Always use fireworks outside & in an open area
- Don't place your body directly over a fireworks device

Lawnmower Safety

- Pick up toys, rocks, & debris from the yard before mowing
- Keep pets & children indoors
- Wear heavy shoes when mowing, not flip flops or sandals
- Don't mow a wet lawn
- Use eye & hearing protection
- Shut off the mower before removing the grass catcher
- Keep your lawnmower in good working order

Summer Safety Tips

Driving Safety

- Wear a seat belt
- Make sure children are properly restrained
- Get a thorough vehicle checkup & maintain your vehicle
- Obey the speed limit
- Allow extra time to get to where you need to be during peak traffic hours
- Use caution when driving in inclement weather
- Use turn signals
- Always turn on your headlights when driving at night or in rain
- Keep a safe following distance
- Avoid distracted driving & keep your attention on the road

Pool Safety

- Make sure everyone knows how to swim or wears a swim vest
- Never leave children unattended
- Always walk, don't run, around the pool
- Use handrails, steps or ladders for assistance
- Regularly maintain your pool
- Keep the area around the pool clear & clean
- Install a safety enclosure around the pool
- Add lighting to & around the pool for safe nighttime swimming

Pedestrian Safety

- Walk on the sidewalk & not on the street
- Cross at crosswalks & avoid jaywalking
- Look both ways before crossing the street
- Follow traffic laws
- Wear bright or reflective clothing when walking at night
- Make sure young children are accompanied by an adult

Crab Stuffed Mushrooms and Roasted Red Pepper Crab & Mushroom Dip

Author: Joyce Schmalz

Recipe type: Appetizer

Prep time: 20 mins Cook time: 25 mins Total time: 45 mins

Ingredients

- 2 cans (170 g undrained) crab meat
- 2 packages light cream cheese (250g each), at room temperature
- ¼ cup chopped garlic chives (regular chives will work as well)
- 10 to 15 white mushroom caps
- 1 cup grated mozzarella cheese
- 1 cup Kraft Tex Mex Cheese
- 2 red peppers

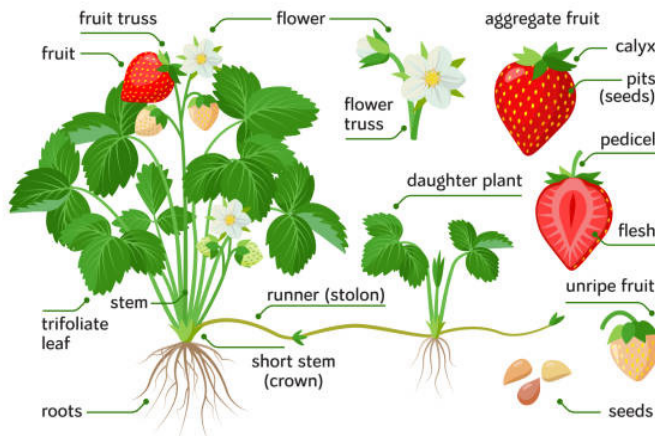

Instructions

1. Drain both cans of crab meat and place in bowl. Add cream cheese and about ¼ of the chives. Mix thoroughly until well combined.
2. Wash mushroom caps and pull stems out. Finely chop mushroom stems and add to crab mixture.
3. Fill the mushroom caps with crab mixture and set in an ovenproof pan. Top mushroom caps with about ½ cup each of mozzarella cheese and Tex Mex cheese.
4. Place in oven at 350°F and bake for 20 to 25 minutes.
5. Cut the red peppers in half and clean out seeds. Fill red pepper halves with remaining crab mixture and top with remaining mozzarella and Tex Mex cheese.
6. Place red pepper halves on the BBQ on low heat for about 10 to 15 minutes or until cheese is melted. Top with remaining chives.

STRAWBERRY PLANT PARTS

Did you know?

Effective April 1, 2024, eligible farmers and their family members will have the option to apply for a farm-restricted Class 1 driver's licence.

More information is available at:

Growing Strawberries in Alberta

Where to Plant Strawberries

Choose a sunny spot with at least 6 hours of sunlight. Strawberry plants thrive in nutrient-rich, well-drained soil. Add compost before planting. For soil improvement tips, read “How to Improve Your Garden Soil.”

Strawberry Varieties for Alberta

June Bearing: Produce one large crop in late spring or early summer. Best varieties for zone 3 include Kent, Honeoye, Bounty, Cavendish, Cabot, and Clooscap.

Ever Bearing: Produce two crops annually, one in early summer and another in early fall. Ideal for pots and fresh eating. Varieties include Fort Laramie and Ogallala.

Day Neutral: Produce fruit continuously throughout the season. Good for fresh eating. Varieties include Tristar, San Andreas, Seascape, Albion, and Fern.

Planting Strawberries

Plant from late April to late May in zone 2/3 Alberta. Plant crowns just above the soil surface and space 10-12 inches apart. Mulch with straw or use black plastic mulch to retain moisture and prevent rot.

Increasing Strawberry Yield

Pinch off blossoms in the first month to strengthen roots. Remove runners to increase yield. Replace plants every 4-5 years with new ones from runners.

Fertilizing Strawberries

Use fertilizer tea or fresh compost each spring.

Watering Strawberries

Water well, especially during fruit setting. Avoid wetting leaves to prevent mold.

Harvesting Strawberries

Harvest when fully red. Store in the fridge for longer shelf life.

Deterring Pests

Use straw mulch, beer traps, or Slug-B-Gone for slugs. Use decoy rocks or netting to deter birds. Place decoys early to train birds to avoid the area.

Stay Safe and Enjoy Summer: Tips for a Fun and Safe Season

Summer is a time for fun and relaxation, but it's important to keep safety in mind. Here are some essential tips to ensure you make the most of the season while staying safe.

1. Stay Cool and Hydrated

High temperatures can lead to heat exhaustion and sunstroke. Stay hydrated with plenty of water and non-caffeinated, non-alcoholic beverages. Increase your vitamin C intake to help defend against heat-related issues. Wear light-colored clothing, seek shade, and never leave children or pets in parked vehicles.

Additional Tips for Beating the Heat:

Open windows and use fans to circulate air, but keep blinds closed.

Eat light, fresh foods and avoid using the oven or stove.

Turn off extra heat sources like computers and incandescent bulbs.

Take cold showers or baths, and use ice packs or wet towels on pulse points.

Cool your bedding in the freezer before sleeping.

Visit air-conditioned public places like libraries and malls.

2. Practice Sun Safety

Avoid sunburn by using broad-spectrum sunscreen with at least SPF 30. Apply it 20 minutes before going outside and reapply regularly. Wear a hat and UV-certified sunglasses. Protect children from sunlight, even during short outdoor periods.

3. Prevent Forest Fires

Alberta faces a severe fire season. Most wildfires are human-caused and preventable. Use designated fire pits while camping, ensure fires are fully extinguished, and dispose of cigarette butts properly. Stay updated on fire bans and report wildfires to 310-FIRE (3473).

4. Water Safety

Drowning is a serious risk. Equip yourself and your family with Transport Canada-approved life jackets. Supervise children closely around water, as they can drown in just one inch of water.

5. Play Safe

Ensure backyard and playground equipment is secure. Supervise children, especially around trampolines, which should have safety net enclosures. Always watch children under 12 playing outdoors.

6. Wear a Helmet

Protect yourself by wearing a helmet when biking, skateboarding, or using motorized off-road vehicles. Alberta law requires helmets for motorcyclists and ATV operators. Ensure helmets fit properly.

7. Protect Your Pets

Provide pets with fresh water and shade. Walk them during cooler parts of the day, and avoid hot surfaces. Keep pets up to date on medications to prevent diseases from fleas, ticks, and mosquitoes.

8. Respect Nature

Give wildlife plenty of space and never feed them. Dispose of waste properly to protect habitats. Follow park rules and respect trail closures. Drive carefully in wildlife areas.

9. Monitor the Weather

Summer weather can change rapidly. Stay informed about the weather forecast and have a plan for shelter during severe weather conditions.

10. Avoid Bug Bites

Wear light-colored clothing and insect repellent to protect against mosquitoes and ticks. Check for bites after being outside and treat them promptly to prevent infection.

11. Keep Food Fresh

Practice safe food handling, especially when barbecuing. Keep food at safe temperatures and discard any that has been at room temperature for more than two hours.

Happy Canada Day!

What does Canada Day celebrate?

Canada Day celebrates the anniversary of the Constitution Act which was signed on July 1, 1867. This was the day that the three British colonies of Nova Scotia, New Brunswick, and the Province of Canada united to form a single country.

When is Canada Day celebrated?

Each year on July 1st

Who celebrates this day?

Canada Day is celebrated throughout the country of Canada. It is a national federal holiday.

What do people do to celebrate?

Since Canada Day takes place in the summer, there are plenty of outdoor celebrations and activities. These include fireworks, musical concerts, and parades. A lot of people like to have a cookout or barbecue with a gathering of friends and then head to one of the celebrations such as a free concert or a fireworks show.

History of Canada Day

On July 1, 1867 the British North American Act united the British colonies of North America into one federation called Canada. Later the act would be renamed to the Constitution Act. This is the day that many Canadians mark as the birth of their country.

At first the day wasn't widely celebrated as most Canadians still considered themselves to be British. In 1879 the day became a national holiday called Dominion Day. This was because the country was called its own "dominion" in the Constitution Act. However, it still wasn't a widely celebrated holiday. Over time the day became more popular in Canada, especially during the 100 year celebration in 1967.

The day was officially renamed to Canada Day in 1982. There was actually a lot of debate. Some people wanted to stay with the old name, but eventually the name was changed. It was on this day in 1980 when the song “O Canada” was officially made the national anthem of the country.

The first color television broadcast in Canada was made on this day in 1966.

Sir John A. MacDonald was the first Prime Minister of Canada. He also wrote a significant portion of the Constitution Act.

Official celebrations are held on Parliament Hill in the capital city of Ottawa, Ontario.

July and August are the only months named after people who really lived (Julius Caesar and Augustus respectively).
