O

## 3. **Fusarium Graminearum**

### 3.1 Seed Testing Prevention Program

Clear Hills County will reimburse producers for Fusarium Graminearum testing on wheat, barley and oat seed samples that are tested by an accredited Seed Testing Laboratory.

C

To qualify for reimbursement the producer will provide the County with a copy of the receipt clearly identifying the number of fusarium tests and cost per test; and a copy of the test results.

E

The Fusarium Graminearum testing will be 100% covered by Clear Hills County (excluding GST).

D

Fusarium Graminearum testing reimbursement will be by cheque as per the County's accounts payable procedures.
