Project 1: Introduction

1.1 Project Overview

The purpose of this project is to explore the concept of project management and its application in various industries. This document will provide a comprehensive overview of the project, including its objectives, scope, and the roles of the project manager and team members.

The project manager is responsible for the overall management of the project, including the development of the project plan, the allocation of resources, and the monitoring and control of the project's progress.

The project team consists of individuals who are responsible for the execution of the project's tasks. The team members are expected to work together to achieve the project's objectives and to provide regular reports on the project's progress.
